

Centering Pad - Threaded for screw jacks

Screw Jacks

15062

SCREW JACKS

Material

Steel, hardened and blackened.

Technical Notes

Has threaded centering pin (M12) for securing to compatible screw jacks with corre-

sponding M12 threaded centering holes. Also equipped with M38x2 male thread for fixing screw jacks with corresponding M38x2 thread in their base.

Tips

Do not adjust screw jacks when under load. See technical pages for the table of screw jack suitability.
